ALUMNI PROFILE AND POTENTIAL JOB PLACEMENTS

As I prepare to leave TMUC, the memories of my first month flash back. Leaving behind school friends and protective environment where teachers guided our every move was baffling yet the newly found freedom of being responsible for myself. Our teachers at TMUC not only bring their academic learning but years of experience in the classrooms; introducing us to the world outside. We had the opportunity to learn the bookish knowledge, attend real court cases, play mocks and present cases, question and argue, work in groups and teams and participate in seminars and conferences. There were days when we had to rush early morning to attend lectures and days when the sun rose for us in the afternoon. The administration has been supportive and Sir Sheikh Waqas was always a phone call away. Through the ups and downs, goodbyes and welcomes, stresses, snubs, parties, trips, mocks and finals, we graduated not only in law but also in patience and tolerance
