DIGITIZE. DISRUPT. DECIDE.

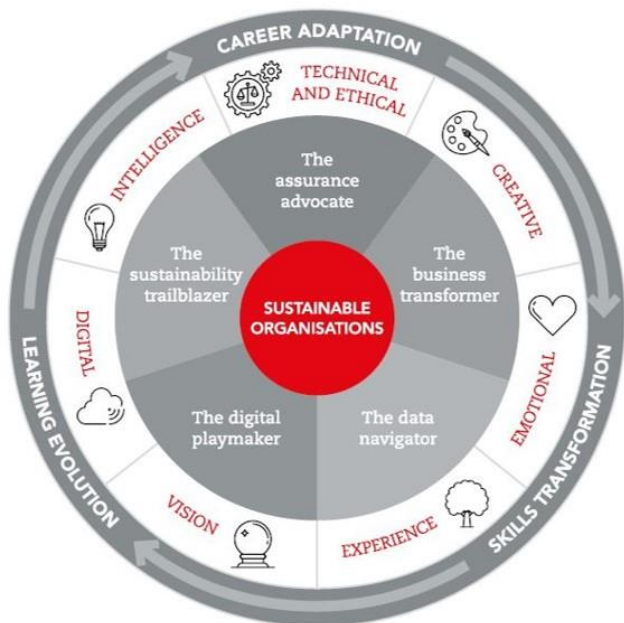

The Theme

Like every year, the TMUC Career Development Centre (CDC) is hosted its annual Job Fair on 31st March 2021, themed **Decide. Digitize. Disrupt.** The platform aimed at providing employers the opportunity to reach out and connect with more than 1000 graduates and students seeking internship and career opportunities. It was an ideal avenue for employers to interview fresh graduates and graduating students for internship programs and job vacancies.

TMUC is the hub for skilled resource from internationally recognized universities namely; *University of London (UoL), London School of Economics (LSE), Royal Holloway, University of the Creative Arts (UCA), University of Hertfordshire (UH) and Association of Chartered Certified Accountants (ACCA).* The Millennium Universal College (TMUC) being one of Pakistan's first and largest transnational education groups and operating in purpose-built University Campuses across major urban cities, offers International degrees.

At TMUC, we take pride in providing our students not only with academic acumen but also professional excellence, specially to equip them for the post pandemic marketplace.

TMUC Job Fair 2021 will provided employers the opportunity to represent their organisation's work and culture and their recruitment policies and conduct live interviews with our talent pool in individual breakout rooms.

The five career cones of opportunity.

The Virtual Job Fair Affair

The event started with corporate leaders delivering thematic guest lectures on a wide array of topics to enhance students' personal and professional development. The speakers included:

- Ali Ashraf (Head of Business Development-North, ACCA);
- Ayaz Mehmood
- Ahmed Ali Zia (Group Chief HRO Officer & CEO, HRSG);
- Abdul Aziz Bhurgri (Research Associate, CLNS) and;
- Ibraheem Ahmed (HR Manager, National Incubation Center).

The industry representatives spoke about; building healthy self-confidence, tips on how to become a successful employee, stakeholder and business partnering, importance of *Digital Skills*, Career in law and Public Policy, and succeeding in a *Volatile, Uncertain, Complex, Ambiguous (VUCA) World.*

Following the Professional Development sessions, the students were routed to employers for face-to-face or virtual interviews. The interview session served as a platform for students to build their confidence, enhance their network in the job market, secure job and internship placements and learn about employer expectations.

The participating students highly applauded TMUC for organizing the Job fair in times of Covid-19 offering them unprecedented exposure to the job market and an opportunity to meet with Pakistan's leading employers. In the end the participating employers were awarded TMUC mementoes as a token of gratitude.

"One of our strongest priorities for us at TMUC is opportunity and inclusion. We believe that a student should be encouraged to explore opportunities and at TMUC we carve a way for them."

- Amina Imtiaz, Head of Student Affairs

Our esteemed participants from the industry comprising of major sectors ranging from hospitality to construction, from interiors to architecture, fashion to business, IT to telecommunications.

TMUC Career Development Center (CDC)

Empowering students. An Inclusive environment. The right conditions.

TMUC organizes the Job Fair annually for industry-academia linkages. “We believe that educational institutions should focus on the entire student journey; from being a student to being a professional. Our focus remains on getting future leaders ready for the employers, said Noorulain Zafer, head of career development center, TMUC.

TMUC organizes the Job Fair annually for industry-academia linkages. “We believe that educational institutions should focus on the entire student journey; from being a student to being a professional. Our focus remains on getting future leaders ready for the employers’, said Noorulain Zafer, head of CDC, TMUC. A student will experience several transitions throughout their period of study: into university, between years and beyond university. Supporting a student during the stages of transition makes their chance of success better.

The Job Fair 2021 is a similar initiative which seeks to empower students, provide them ample opportunities and create the right conditions for the students to thrive. The theme Digitize. Disrupt. Decide was chosen to engage the students in a dialogue enabling them to make informed decisions about how their future looks like in a post pandemic world. “We never imagined a job fair could be this fun,” mentioned an employer working with youth across Pakistan. This is a huge achievement considering that TMUC’s value proposition is up to mark and standardized. Pandemic or no pandemic we are geared as a team to work for the betterment of our most important stakeholders: the students.

“I gave an interview to my dream employer,’ said a student post giving multiple interviews. The right conditions any university can provide is to develop future leaders who make the TMUC brand proud.

Let us take the initiative further; create more opportunities, be more inclusive and deliver better.

TEAM: Noorulain Zafar, Amina Imtiaz, Tayyaba Sohail, Verda Y.B., Awais Jalil, Mariam Ijaz, Aiza Mubashar, Misal Shahzad, Zeeshan Khan, Waleed Shoaib.

“What was heartening to see was that TMUC is committed to creating opportunities that bridge the Industry-Academia gap so that millennials gain first- hand knowledge of the practical utility of their academic qualifications and acquire skill sets necessary at excel in their respective professional endeavors”, mentioned Jazz.

“I never expected a virtual job fair to be this smooth. It was so amazingly steered by TMUC. Job well done TMUC for pulling it off seamlessly. It was an amazing experience all together. Linking with passionate youth and other Employer Companies has given me an insight about the expectations at both ends which is definitely going to be beneficial for my Organisation.” Taeed Zahra, Y.NoT.U

“Happy to be a part of TMUC’s Virtual Job Fair for the second time a row. Found some really good candidates for big multinationals that we hire for.” M. Ali Khalid, Get Work Now.
