GRADUATION

#IAMTMUC

Message from **Chief Executive Officer** **Chaudhry Faisal Mushtaq TI**

Welcome to tomorrow, the future of education. TMUC aims to be an institution of higher learning dedicated to providing innovative undergraduate, graduate, and professional education. By bringing a range of international qualifications home, TMUC aspires to be recognized as the leading institution of borderless education, committed to providing opportunities that exceed local stream of education to the youth of Pakistan. TMUC has collaborative arrangements with renowned foreign institutions with professional and higher education portfolios.

Our students are passionate; they are thinkers, innovators, builders, drivers, social scientists of this society and the global village at large. The graduates of TMUC are ones that will compete with the best in the world and will rise and continue to make their Alma Matter proud. At TMUC our goal is for every student to graduate with international transformative, multicultural and global competencies, whether acquired at home or abroad. In partnership with colleagues in colleges and units across the globe, TMUC is a unique hub of research, service learning, internship and community projects that infuse experiential and inter-cultural learning and personally enriching experiences into our students' portfolios.

By providing an eclectic portfolio of transnational higher education qualifications, TMUC assists Roots Millennium School's mission and commitment to developing the right set of skills, attitudes, knowledge and values within graduating Millennials so that they can confidently meet the global challenges of the 21st century. I congratulate the students from University of London, University of Hertfordshire, University for the Creative Arts, Higher Nationals and NCC at TMUC. My students are a reflection of our commitment to excellence and continued passion and dedication towards education. I urge my students to take part in social and community building and become agents of change and make us proud. I will always be their teacher, mentor and friend.

Rabbea Irfan

Head of Institution - TMUC Islamabad

I am happy to share that the session 2021 has been another year of success, celebration and achievement at the Millennium Universal College (TMUC). Students aspiring to pursue higher education view TMUC as a top-grade university, that is affordable, accessible and globally acceptable.

We take pride, not only in the fact that we are Pakistan's first purpose-built campus offering borderless education, but also that we offer a high concentration of talented and internationally qualified faculty members, student support facilities and services that extend opportunities offered in the local stream of education.

I wish the graduating batches all the best in their future endeavors . Good Luck!

Shabana Jaspal

Head of Institution - TMUC Rawalpindi

It is an honour for me to be the principal of The Millennium Universal College, Bahria Springs. TMUC nurtures brilliance and it is a place where our students realize their best potential and enabled to get to their dream destinations. Since quality education is a linchpin for ensuring better future of our children, it is a collective responsibility of parents, faculty and staff to ensure a conducive learning environment.

Children are the future of our country; our dedicated and motivated faculty is leaving no stone unturned to fulfill the onerous responsibility with head and heart to achieve and measure up to the national and international benchmarks.

I would like to congratulate all the students on their graduation and wish them all the best for their future endeavours.

Zarina Sadik

Head of Institution - TMUC Lahore

At TMUC, our team works in line with the vision and directions of our CEO Chaudhary Faisal Mushtaq in true letter and spirit to ensure that the desired dividends are achieved.

Our students should take their role in the upheaval of society and become intellectual activists in bringing a positive change to the world. We as an institution, have developed teaching and learning mechanisms, active classroom, plethora of co-curricular and extra-curricular activities to enable our students to reach their maximum potential.

I congratulate our millennials on graduating with internationally recognized qualifications and wish them all the best in their future endeavors.

Ameer Haider

Head of Institution - TMUC Karachi

The past year has been difficult for everyone and even more so for us as educationists. From navigating SOPs to integrating platforms of blended learning, it has been a steep learning curve for all of us. These adjustments demanded patience and perseverance from all of us. It is this perseverance that I, at TMUC Karachi, am proud to present the graduates of 2020-2021. I am deeply grateful to the staff, faculty & most of all the students, for their tenacity and the steadfast belief they showed in TMUC and its leadership to steer them through these difficult times.

I wish them good luck for all their future ventures and may they do us proud. Godspeed.

Imran Iqbal

Head of Institution - TMUC Gujranwala

Promoting the vision and guidance of our CEO Sir Faisal Mushtaq we at TMUC are dedicated to providing innovative and quality education in undergraduate, postgraduate, professional, sciences, fashion & design, media and business studies. We achieve this by bringing a range of international qualifications home, TMUC aspires to be recognized as the leading institution of borderless education, committed to provide excellent opportunities and career choices to the students of Pakistan. We take pride in the fact that we are Pakistan's first and largest transnational education group operating with purpose built University Campuses helping to groom our students for international requirements.

I wish the graduating class the very best for their future life and pray for their educational and professional success.

Humda Qamar

BSc (Hons) Politics and International Relations

My experience at TMUC has been life-changing; grooming me to become who I am today. The institute brought forth opportunities and challenges that enabled me to make rational and mature decisions in life. I met a variety of students, teachers, and mentors that supported me in being ambitious towards my goals. TMUC was the only way I could experience an international degree on local ground, which brought me closer to getting my dream of going abroad. Motivation comes from the relationship built between a student and their respective teachers; TMUC has introduced me to mentors who have proven to look out for me, academically and socially.

In my opinion, the biggest challenge TMUC had faced was to manage students, exams with the current situation of Covid-19. It cut our year short, however, sitting back at home made me realize how impactful this institute had become for me and how much I will miss it. TMUC has made me academically strong, enthusiastic, daring, and very confident in my skin.

Syeda Shahbee Zaidi

BSc (Hons) Politics and International Relations

I came to TMUC not knowing what to expect, but as a person who is happier to learn outside classrooms, I can say I made the right choice. There is so much to do: pose in front of the rickshaw, sit in the gym, pretend to play drums in the music room and definitely, scheme and execute. All this has groomed me, given me some of the weirdest but amazing friends and an overwhelming number of happy memories. I'd be lying if I said my academic journey hasn't been valuable, it is equally worth mentioning. The willingness and capacity of our academic coordinators and lecturers to encourage, facilitate and assist us is something you don't see everywhere. They have repeatedly supported and guided me and I am very grateful. As I finish now, these three years have been challenging but immensely rewarding academically and emotionally. And if I were to ever look back, I'd remember it as an incredible time of my life.

Asad Ali Hyder

BSc (Hons) Business and Management

As a UoL graduate I would like to start off by extending my warm congratulations to the graduating batch of 2020. It wasn't easy but we finally made it, and even though we had unprecedented circumstances that may not have been ideal, we toughed it out and persevered with mixed feelings of jubilation for what we have accomplished and anticipation of what lies ahead. Now as we turn over a new chapter and embark on this journey together I wish you all the best as we enter the professional stage of our lives.

The best part of doing a degree from UoL is that it caters to students worldwide and really makes you feel like you are a part of a global community. Also with a history of over a hundred years it's safe to assume that your qualification will be accepted anywhere in the world.

Malik Usman Farooq

BSc (Hons) Business and Management

My experience at TMUC has been enriching and eventful throughout my academic journey. The years spent at the campus while completing my degree have been challenging yet fulfilling at the same time. The staff and teachers at TMUC have always been keen to guide us. Being a student at TMUC, the faculty and administration has always strived to provide us with the best support we need in order to move forward through our degree. The environment has been extremely rewarding, in which the students can reach out to the faculty with ease. TMUC has been a great choice in completing my bachelor's degree in Business Management, gaining all the relevant knowledge that is needed to excel in the business world. The institution has also taught us the significance of working hard and focusing on our courses in order to achieve our ambitions.

Aman Tareen Khan

BSc (Hons) Business Administration

Initially being a science student, I was skeptical about my transition to a business degree whereby I had to start fresh and possibly face difficulty but TMUC helped me find the confidence to not only study the business subjects but also excel in them. At TMUC, I had the privilege of interacting with teaching staff and coordinators, who had been an incredible support system for me during the three years I spent here. It's rare to come across a management that puts its students' needs above their own and facilitates them with the best possible resources to improve their experience, which TMUC has done consistently for a number of years.

As I graduate from TMUC, I would like to thank its teaching faculty, management and programme supervisors for investing their time in me and helping and preparing me as I step into the professional world, ready to test the knowledge and skills I've learnt from my degree programme at TMUC. I wish the institution all the best for nurturing new talent as I bid farewell.

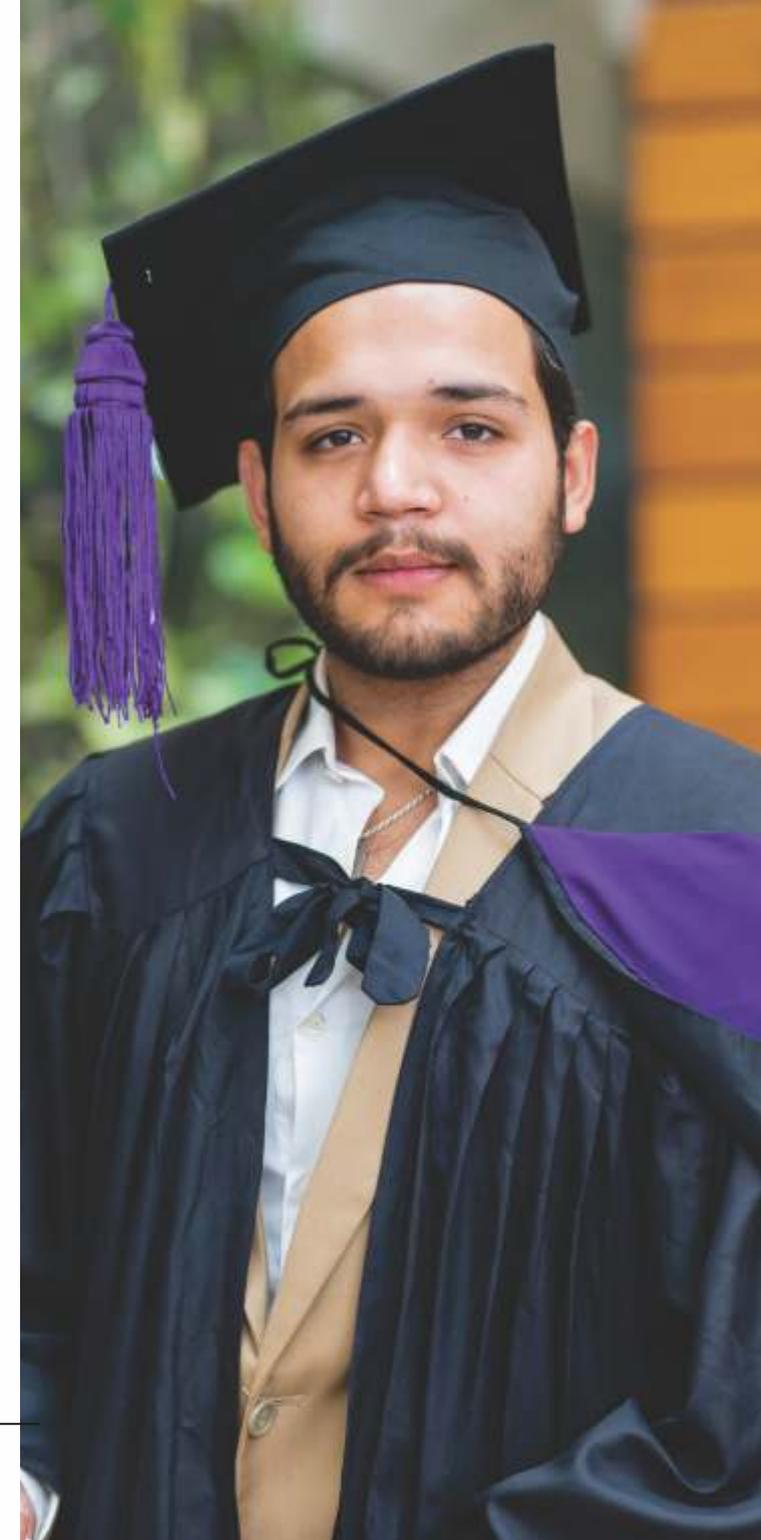

Osama Aziz

BSc (Hons) Business and Management

I can say with utmost satisfaction that I, Osama Aziz, class of 2021 London School of Economics BSc Hons programme, made the right decision in choosing my bachelor programme. My three years at TMUC Islamabad have been revolutionary and transformative. This institute provided me with all the facilities that I envisioned on campus in my student life. There is never a dull moment as there always seems to be something going on campus for providing us the ultimate experience. Including everything from various internship programs and extracurricular activities to meeting with professionals from the industry and numerous coaching classes. My journey at TMUC Islamabad has indeed been precious and memories that I will always cherish forever.

Taaha Khan

BSc (Hons) Management and Digital Innovation

TMUC is not only an institute but a home to me. Four years ago when I came to Islamabad, I was looking for a university where I can polish my skills, evolve and grow with a decent study environment. Before coming to TMUC I was completely unaware of Transnational Education system, and because of this modern system and the international programs offered here, I chose TMUC for my undergrad. After completing my program here, I am really happy to have chosen TMUC as my university of choice. My journey here has been a roller coaster ride which I can never forget in my life. TMUC provided me with so many opportunities, exposure and experiences which helped me grow my perspectives, evolve my skills and challenge my abilities. After completing my program, I feel more confident about myself and ready to grab every success possible in my future career. I would like to thank all the staff specially my HOD and HOI for always encouraging me and for always being supportive, these four years made us a family.

Sunduz Shah

BSc (Hons) Economics and Management

Although I joined TMUC in my last year of bachelors it was my immense luck and fortune to be part of TMUC. The entire faculty and department left no stone unturned to shape my future. The campus offers state-of-the art infrastructure, facilities, libraries and systematic processes which help its students to grow both professionally and personally. I met inspiring, hardworking, experienced, and cooperative professors. The way they helped me and guided me is commendable. I have gained huge respect, devotion and love for the entire faculty members and social science department. My last year at TMUC was great and a memory I would cherish for lifetime. It was a full year of learning and grooming for me. At the end it's my cherished alma mater!

Usama Riaz Ansari

**BSc (Hons) Management with
Law**

I started my journey with TMUC (Islamabad Campus) back in 2017. Compared to a lot of local institutions, I had heard a lot of good things about TMUC and how it offered the opportunity to study an international degree while being in Pakistan.

I had no troubles adjusting to the environment of TMUC as it provided for a very diverse student body. Coming across people of all cultures and backgrounds with varying ambitions, goals, opinions and beliefs in general gave me a fresh perspective on a lot of things and with that came many new friends with whom I have developed a special bond and made many great memories over the years. TMUC has influenced my personality and the way I approach life. Academic achievements aside, my time here has nurtured me into a more resilient and conscientious person and instilled the confidence in me to take every task head on, having faith in my own abilities.

Manahil Mohsin

**BSc (Hons) Business
Administration**

I chose to learn from the best!!

When I reflect on my three years in The Millennium Universal College, I conclude that this university experience not only made me a better person, but also prepared me in unpredictable ways for my career with incredibly supportive classmates, professors and management who were nothing short of champions. I was challenged to discover a voice I didn't know I had. That voice has played a central role in my work and the person I am today. The experience of international studies has given me the kind of exposure that is essential for practical life. The knowledge and experiences I gained as a person apart from the educational journey will always stay with me and the wonderful connections I made throughout the world with having the advantage of international external degree programs.

I consider myself extremely fortunate to have spent my past three years here at TMUC class of 2021.

Awais Bin Azhar

**BSc (Hons) Business
Administration**

TMUC has been a great place for me to pursue my undergraduate studies, specifically because I was able to get a University of London degree while being in Pakistan throughout my journey. I also benefitted from the Career Development Center at the university, that helped me with getting internships and job interviews over the years. TMUC made me realize my potential and helped me become proficient in my major. Most importantly, it helped me establish my future goals and how I can achieve them.

My time spent here is unforgettable and I will always be grateful to TMUC, especially its teachers for always being supportive which has helped me in shaping my career in the best possible way.

Maryam Mohsin

**BSc (Hons) Business
Administration**

My time at TMUC has been a fruitful one and an extremely fulfilling experience. I have grown both as a student and an all-rounded individual. In the last 3 years I have been taught to think analytically and objectively, I have been part of various teams and I have led projects which have made me a confident leader and a team member.

Uraib Ahmed

**BSc (Hons) Business
Administration**

I did not realize my time at TMUC is coming to an end until I was asked to write this farewell note. I've had the time of my life at TMUC. I have made friends and memories that I will cherish forever. I've been given valuable advice from some of the best mentors. I have had my fair share of ups and downs however, it does feel like home. And perhaps it is the time when you're down that enables you to push your limits and challenge yourself because as Rocky Balboa says, "it's about how hard you get hit and keep moving forward" so I say this with surety that my time at TMUC has only made me stronger and smarter. From the first days at TMUC to writing this testimonial, time has surely flown by. I was a confused freshman when my journey started but now, I proudly say that I am a focused individual who's hungry for greatness and ready to conquer the world.

Aleena Rizwan

**BSc (Hons) Business
Administration**

The most heart wrenching moment was the realization that this is my last year at TMUC. It's been a rollercoaster of a ride from making friends to meeting amazing teachers and reminiscing through memory lane. TMUC has been an important part of my life, because of the time I've spent here. It's helped me grow, experience and learn lessons as an individual. My time in TMUC couldn't have been better without the people I met throughout this journey. They've made these three years bearable from the start and it's a blessing to be able to encounter such humorous, kind, loving and caring friends to say the least. Moreover, I would like to thank my teachers who have been there for us whenever we've needed them. Lastly, I'll just say, I'm grateful for all the time I've spent at TMUC.

Syeda Ansharah

BSc (Hons) Business Administration

The past three years at TMUC have been quite an adventure in my life. TMUC having its own special environment can be amusing for the people who look for challenges and adventures. Keeping academics aside, TMUC has nourished my curiosity and made me one hell of an explorer ready to take on any challenges in life.

Ifrah Shahab Khan

BSc (Hons) Business Administration

The hardest part is letting go of something which you have never thought of losing. My time here has been a rollercoaster of emotions but simply unforgettable. I've made many valuable friends who along with the memories will live in my heart forever. I'm thankful to my teachers for being my sunlight and water, they gave me the nutrients without which I couldn't have become what I am today. I'm highly grateful to TMUC for teaching me not only the subjects but some important lessons in life.

TMUC, you'll be missed!

Muhammad Usama Qureshi

**BSc (Hons) Business
Administration**

I still remember how excited, hopeful and elevated I was when I first walked into TMUC. The feeling would not be the same as the time for me to say my farewell grows closer. In retrospect, I realize how much I will miss this place which has become somewhat of a second home for me. I had a great time at TMUC and I have learned so much and found passion in areas in which I never thought I would be interested. The teachers here have guided and mentored me to become a productive and resourceful member of the society. The courses and teachers here have pushed me beyond my potential, allowing me to achieve things I did not think I was capable of. Moreover, I am very grateful for the valuable friends I have had the chance to make here at TMUC. All the friends and memories I have made here will always have a special place in my heart. Every single moment spent in TMUC will be cherished. Thankyou TMUC for giving me crazy times, devoted teachers and most of all some wonderful friends.

Rawail Kamran

**BSc (Hons) Business
Administration**

My three years at The Millennium Universal College (TMUC) have been great and a memory to cherish for lifetime. The years spent here have been full of learning opportunities that were full of fun with academic grind that one has to go through. The faculty members here make the university what it is today. Additionally, the international exposure makes you better able to face the challenges of the 21st century world with confidence.

Muhammad Rayan Faisal

**BSc (Hons) Business
Administration**

Thanks to The Millennium Universal College, I have learnt many valuable skills and have gained the knowledge that has benefited me in planning my career. I was really drawn to this specific Business Administration programme due to the applicability in modern day workplaces and schools of thought. I have come to gain a deeper understanding of the way businesses operate in order to keep up with the rapid changes in technology as we see today. I saw the link between this and marketing to gain a deeper insight into problem-solving and critical thinking. The Royal Holloway programme at TMUC has also provided me with a way of thinking that is unparalleled with that of other disciplines. I am able to better visualize business problems, provide solutions to the same and have confidence in those solutions primarily through my education.

Abeera Dawood

**BSc (Hons) Business and
Management**

I started my academic year at TMUC in 2018 and studying here is a lifetime experience as it broadened my vision, exposed us to newer vistas that were steered by the quality teaching staff and management. They care about how the student is doing within the course and whether we understand, rather than just giving out information and letting the students absorb it however they want. The institution has pleasantly surprised me at every turn and continues to work towards fulfilling its promises. My overall experience with this institute has been a wonderful balance of knowledge, skills, fun and friendship.

I would like to thank TMUC for the great faculty where teachers are not only highly qualified and experienced but also extremely approachable and devoted to their profession. Along with this the administration may it be the Head of Institute or Coordinators all were there to help us out, even our smallest issues were dealt with competently.

Raima Aziz

BSc (Hons) Business and Management

I enrolled at TMUC in 2018 and started my academic year in September 2018. My journey at TMUC has been bittersweet. TMUC provided us with an incredible experience in terms of academics and also co-curricular activities. TMUC has arranged beach parties, adventure trips, fashion shows, student council events and much more. TMUC has also organized workshops for us to improve our CV writing skills, grooming sessions and we also got the opportunity to meet entrepreneurs, industrialists and big business giants which was an exceptional experience and a great help for our career planning.

I would like to thank TMUC for the amazing faculty, for always valuing our opinions and the overall exposure it has provided.

Usama Siddique

BSc (Hons) Business Administration

Today I am writing this testimonial to convey my three years' wonderful experience with TMUC. It is the place which guided me on how to tackle with different problems in every stage of life. As this was a business degree and business is all about risk taking, this institution gave us the strength and power to move forward in life and become a risk taker. TMUC has always been committed regarding their students' studies, providing us with professional teachers and great studying facilities. Till the end they did not disappoint us with any educational or co-curricular need. It was a wonderful journey with TMUC.

Taha Jamall

**BSc (Hons) Business and
Management**

I got registered as a student of TMUC Karachi in 2018 and began my first semester in September. I had a pleasant experience at TMUC throughout my journey, got the prime faculty, staff members and an institution where students are valued. I had some issues regarding the management which were promptly dealt with by TMUC. TMUC has provided me the exposure and learning experience which matches the international standards of education. TMUC, along with achieving academic excellence also focused on its student's skills and capabilities and gave us the opportunity to meet some of the big industrialists, businessmen, entrepreneurs, the National Incubation Centre and a lot more, which has motivated me and helped me a lot in evaluating my career choices. TMUC also made sure my journey was adventurous, fun and exciting by arranging beach parties, fashion shows, society fairs, international and domestic trips, sports activities, student council events and much more.

I am overjoyed and honoured to be a part of TMUC

Balaj Alamtab

**BSc (Hons) Business
Administration**

My time here at TMUC has been quite a rollercoaster ride. I've experienced almost every emotion in these last three years, which has actually helped me learn a lot about myself. The first year taught me to never think too highly of myself and that one should never be too overconfident. The second year taught me that, if you really want something in life you should really work towards it and give it your all, which helped me become the sports president. The third year taught me to never give up, no matter what sort of situation life throws you in, you must always be ready to face it, such as the Covid-19 pandemic.

Today as I walk out of TMUC I can confidently say that I'm a better and improved version of myself from the day I walked in.

Behroze Aijaz

**BSc (Hons) Business
Administration**

During these three years in TMUC I have learnt various things from my mentors that would help me in my corporate life. My journey at TMUC has been great since the staff was really cooperative and friendly and this is all what a student can wish for when joining a university. Our program head/coordinator was really helpful throughout and I would like to thank her for being so supportive. Our instructors/mentors immaculate highly qualified and their teaching skills were immaculate. I am glad that I got into TMUC and had the chance to do my bachelor's degree in a great environment with great people.

Azeem Ul Arfeen

**BSc (Hons) Business
Administration**

A very amazing journey has finally come to an end. From all those first day vibes to the last day sorrows of leaving the university. The time passed with great memories and grades. From learning the basics to the most advance courses, we all succeeded. TMUC was like a second home to me, from morning to evening it was a part of my daily routine. I must say it was an amazing experience. Everything was perfect and I am happy that I was a student of TMUC, where I was encouraged to pursue my passion, my degree and in the end enabling me to become who I am today.

Thank You! to all those who were a part of my entire journey of three years, I was blessed to have such amazing support and help throughout.

Hina Aziz

BSc (Hons) Business Administration

These 4 years at TMUC have given me many memories to cherish in the future, it has been a rollercoaster of emotions. I'm glad to end this chapter in my life and move on bidding farewell to this phase of university.

Ahmed Waqar Khan

BSc (Hons) Business Administration

When I reflect upon my three years in this BSc degree of Business Administration, I conclude that this whole experience helped me gain so much knowledge. I was motivated enough to become an entrepreneur, build my own start-up, and grow by adapting strategies from multinational firms and leading economies by analysing how they operate. In this whole educational experience, I was rightly guided and encouraged by my teachers which made me a better writer and helped me build a distinct writing expression. Having said that, now I feel more confident stepping into the corporate world by applying my skillset and knowledge into practice and hopefully work with highly skilled people, learn more and work hard to achieve my goals. Hence, TMUC has helped me become a successful entrepreneur and inspire millennials like me to hustle and follow their passion.

Rimsha Lone

BSc (Hons) Business Administration

The years I have invested in TMUC for my bachelor's degree are not limited to just one accomplishment. Alongside my academics I have had an amazing opportunity to pursue my hobby for sports as well as other social activities and events. By far, the greatest adventure has been starting my own business. It would not have been possible without the encouragement and confidence that I have gained at TMUC. There is no other institution that I would be more satisfied with in terms of finding the best environment for myself. The cherishable memories with this campus, faculty and of course my friends have been the highlight and the essence in making this a home-like experience. A salute to my hardworking teachers for making the years easier for me. These friends, teachers and the relationship with the institution is lifelong!

Maham Nauman

BSc (Hons) Business Administration

The years I have spent in TMUC are not narrowed down to only one single achievement but various accomplishments. Opting for this university for my bachelor's degree was indeed a great decision, not only was I offered a great learning environment, but also a stepping-stone to the professional world. I salute the faculty for their hard work and utmost support, making these years easy for me, and teaching me that if an opportunity does not knock, you must build yourself a door. The memories I have made in this institution, with my friends and teachers will live with me forever! We never thought this day would come even though we prayed for its quick delivery. I am devastated, as it means leaving TMUC, friends who inspire me and teachers who have been my mentors and pillars. TMUC is a great institution that has helped me grow academically as well as personally.

Minahil Imtiaz

**BSc (Hons) Business
Administration**

Getting myself enrolled in the Business Administration program at TMUC has been one of the best decisions as it has enhanced my perspectives and knowledge on business management thus broadened my future horizons. This program has been a rewarding and valuable investment as it has challenged me both professionally and personally. TMUC has been an ideal place for me to stretch and grow, through constant support and assistance from my mentors and peers. I am lucky enough to have had outstanding professors and teachers who encouraged me to always do better and excel at my studies, and the great staff who made the whole atmosphere a lot more homely. In addition to the academic achievements, I thank TMUC for providing me with opportunities in social events and activities which have helped boost my confidence over the years. I could not be more grateful for the hardworking and diligent tutors, lifelong friendships and the fond memories that I have made at this institution.

Heena Khan

**BSc (Hons) Business
Administration**

When I told people that I was moving from England to Pakistan to study a University of London degree, they were really confused and doubted my decision. But here I am, now graduating in Business Administration, without having to take a student loan out and being in debt, unlike many people in the UK. Choosing to study at TMUC was a decision I am thankful for, I have met and learned under fantastic lecturers, made lifelong friendships and amazing memories. This university provides a great level of education, wonderful opportunities and even a remarkable number of social events that allows the students to enjoy their time during their studies. Thank you to all my teachers, faculty members and friends who have made my experience incredible at TMUC.

Arsalan Khan

BSc (Hons) Business Administration

"If you can dream it, you can do it" - these are the captivating words of Mr. Faisal Mushtaq still etched in my mind to this very day. TMUC has been the ideal university which provided a unique platform to polish my skills and achieve my goal of acquiring a bachelor's degree in Business Administration. It has been a journey to becoming a successful entrepreneur by applying the practical knowledge given to me by our highly educated teachers and the tremendous support by the staff has made my struggles to running a successful business venture much easier. The flexibility of schedules that TMUC provided helped me exponentially in my endeavours. I am grateful that I was a part of this university and had such a wonderful experience. Dreams can be achieved if you have an unshakeable self-belief and strong work ethics.

Jibran Haider

BSc (Hons) Business Administration

I want to thank everyone for providing me a memorable experience at TMUC. My mentors are credited with the guidance and learning provided at each stage along with a complete build-up of a professional character, I am thankful for all those extra hours you gave amid your challenging schedules to polish us in accordance with this intricate industry. On an international stage, I received a vivid exposure at TMUC. The TMUC team has put so much effort into creating opportunities for us in top-notch luxury brands, helping us to clear interviews, get internships and work placements. Since I have learned from the best college, I promise that I will do my best in my future life endeavours. Wishing the new batches all the success for their endeavours.

Hira Choudhry

BSc (Hons) Politics and International Relations

I started my journey at The Millennium Universal College (TMUC) in 2016, after moving halfway across the world to Pakistan from Atlanta, Georgia. This transition was the start of a new chapter in my life. Feeling anxious, yet excited, I was determined to make the best out of it. And to my surprise, it was easier than I thought. I was warmly welcomed at TMUC by the faculty, staff, administration, and my fellow classmates. Everyone was just so helpful and caring, and that has continued to this day. This university has taught me to excel in every aspect of my life by creating an environment that fostered a success-oriented mindset and sense of belonging, along with enhanced student support services, making me more independent, disciplined and confident. In addition, my experience at TMUC has given me a new perspective on life, by instilling characteristics such as passion and commitment, particularly for the world we live in. As I graduate, I hope to minister to the world in a way that can change it for the better. In conclusion, I would like to thank the institution for a fulfilling and life changing journey.

Maham Ummer

BSc (Hons) Business and Management

I would like to describe my overall experience at TMUC Islamabad to be very exciting and dynamic. The reason I choose TMUC was that it was the best institution in the twin cities offering international programs. Along with this, TMUC provides us with a fantastic academic environment, seminars, interdisciplinary initiatives also including extra-curricular events. These three years have molded me into an individual that I'm today. All those experiences, whether good or bad, have changed my personality significantly from what it was three years ago before joining TMUC.

I was able to know the significance of striving towards my goals and to never give up because life gives you a new chance every day. For these reasons, I would heartily recommend TMUC Islamabad to all other students seeking an educational institute for their academic journey. I would encourage them to enjoy and fully learn from the trainings, seminars, academic expertise, and social networking opportunities.

Naseema Pasha

BSc (Hons) Business Administration

Upon learning about the opportunity TMUC is providing students, to study courses provided by one of the most prestigious university in UK University of London (UOL) while being in my own home country, I couldn't miss the wonderful opportunity to study marketing in the field of business administration from a top-level institute. Being a student of Royal Holloway UoL, has taught me a lot, from achieving knowledge and gaining skill sets to prepare me for the next step in my life. My journey in TMUC has been very intriguing and delightful. Being part of TMUC has been a great blessing for me. The staff from coordinators to teachers have always been very responsive towards any issues that may have occurred. They would fully attend to all my academic concerns and promptly offer solutions.

TMUC has also provided us with all essential sources that have helped me better my academic journey, like a resourceful library, bigger well-equipped lecture halls as well as advanced projectors.

Shaheer Malik

BSc (Hons) Business Administration

As a student of Royal Holloway at TMUC, I have gone through enriching experiences which I never imagined I would endeavour. The environment and atmosphere of TMUC is what made my time here amazing and has improved me into becoming a better human. Graduating with a BSc from TMUC has made me more mature, especially after gaining knowledge on conducting business activities and I would be able to continue my learning endeavours with a new mindset and the advanced skills I have acquired through my experience. The BSc Business Administration program was a very comprehensive and robust experience that added value to my academic experience.

Aukasha Jawaid

**BSc (Hons) Business

I would best describe TMUC as intriguing and diverse. The greatest thing about becoming a student here is the number of academic activities offered. The modules taught were quite fascinating with the choice to switch among exciting modules. The professors teaching us went above and beyond, ensuring the students develop to become the most refined versions of themselves over the three years. Module diversity also broadened our perspective. While studying courses, the real life examples we studied, research we did, helped us better understand not only in principle but in reality. It has been the happiest three years of my life! It was the chances I got, the stuff I got to do, and the time I got with friends that has been the absolute best.

The Millennium Universal College was my first choice when applying to universities because it had diverse programs to choose from and international degrees, I opted for the Royal Holloway programme which helps us apply business administration in our daily lives and gain deep understanding of businesses and the local and international markets, even during my internship I could apply theories learnt in classrooms to practical fields and excel. The art of critically assessing and then solving problems is what has turned into a lifestyle than just a course we studied, overall my experience here has helped me come out of my comfort zone and do innovative things which I believe will help me create a brighter future for myself.

Studying at TMUC was not a part of my plan. I had been accepted into multiple universities for my undergraduate, but when I saw the exuberant infrastructure and the academic excellence, I decided to come to TMUC instead. Three years later, I'm about to graduate and I couldn't be happier with my decision. The teachers have helped me so much in these past few years, not just with studies but emotionally as well. TMUC has helped me grow into the person I am today and most importantly, helped me achieve the goals I have set for myself which is why I would like to thank the faculty of TMUC. I have achieved more than I could have imagined in these past few years, and it could not have been possible without them motivating me, guiding me and trusting me.

It is kind of funny that I can still recall the nervous emotion I had when I attended the orientation in Fall 2018. Since I didn't know what I wanted to study and enrolling at The Millennium Universal College was a sudden decision, there were many uncertainties for me. However, after studying the BSc Business Administration Royal Holloway program here for 3 years, participating in the sports society and accomplishing every class I am interested in, I am quite confident that this will allow me to perform even better in the future when I apply for my master's degree. I would like to thank the faculty of The Millennium Universal College for all the academic support they have provided to all the students. It's been quite a rollercoaster and they have always been there to help.

I would like to thank my whole fraternity and management at The Millennium Universal College for not only helping me finish my bachelor's degree but also making me an ambitious individual to ensure I can reach my academic goals.

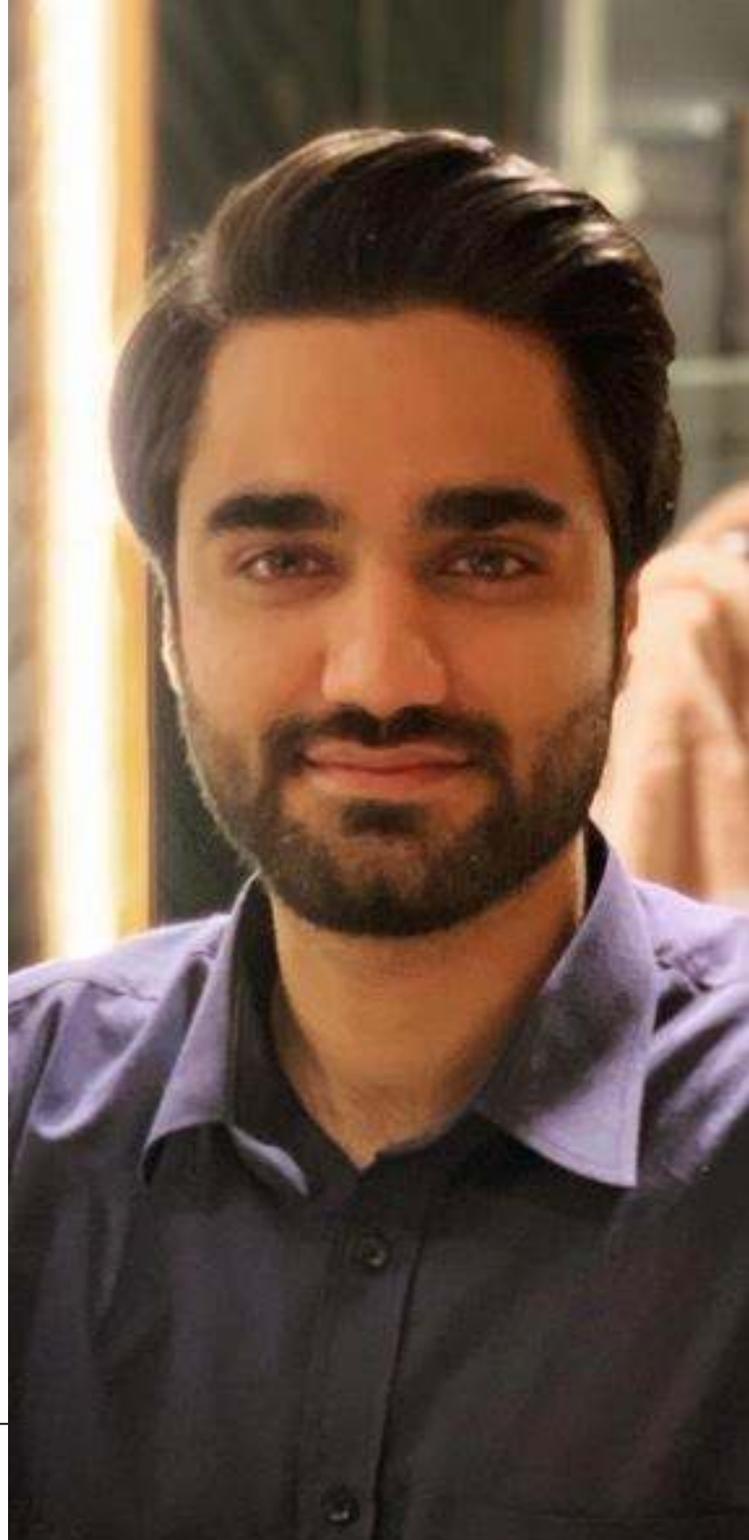

Faran Khan

BSc (Hons) Accounting and Finance

Completing my degree with University of London has indeed taught me a lot. The journey with TMUC has been full of achievements and accomplishments. I met brilliant people on this journey without whom I would not have made it through. I would like to thank peers, teachers and administration for all the support and amazing experiences at TMUC. Graduating was a critical milestone for my journey towards success. The degree tailored by University of London with academic direction from London School of Economics and Political Science has given me the confidence to excel globally.

Komal Suman

BSc (Hons) Business Administration

The flexibility and versatility that TMUC provides, made me pursue my undergraduate here. I was particularly impressed by the variety of degrees provided and the scale of variances between them. My experience at TMUC has been amazing as this institution does not fail to strike a balance between the pursuit of education and social recreation and extra/co-circular activities.

I enrolled myself in the Royal Holloway BSc Business Administration programme and found the efforts of our faculty nothing less than commendable.

As a volleyball player since school level, my pursuit of the game has also been supported by this institution and it has provided me every chance and motivated me to keep playing.

The last three years in this institution have groomed me and brought the best out in me. This was a life changing experience which was nothing short than incredible.

"University is an experience of a lifetime they say." This quote is definitely applicable to my experience. I've already developed immensely as a person. My experience in TMUC has given me a chance to sharpen my skills in my field of choice. There have been, and there will continue to be, many opportunities to learn more ways of improving my craft as a result of my time in here, which I am truly thankful for. There is a lot of diversity at TMUC as teachers and students discuss current affairs, art, cinema and sports. It was a perfect blend of joy and hardships. I met and interacted with different types of people, learned about their cultures and grew as a person. This has helped me to understand how to talk to different people, how to judge their behavior, thus helping me with important life skills.

I am really delighted to have such an amazing journey. I am glad that I chose TMUC as my institution and would always recommend it to aspiring students.

TMUC has been a vital part of my educational life. It has provided me with the stage to set my goals and reach them in ways better than ever. My time here has been nothing short of impactful in all the right ways. From the day I entered I made lifelong friends and had teachers/mentors who would guide me to reach my optimal potential in all walks of life. During all times, the faculty has been quick and responsive and cooperative with me, I formed great relations with my teachers and all those with me on this journey. My teachers made sure to go out of their way and walk the extra miles to make sure I never lagged behind in any way. I came as a student from a different city wondering how I would cope but thankfully today I am in a position to say I would not have had it any other way.

I am grateful to all my professors and mentors at The BSc Royal Holloway Business Administration programme for all their continued support in order to make me an accomplished graduate ready to take on any challenge in the world.

"University is like this little world, a bubble of time separate from everything before and everything after" – Mhairi McFlane. This quote resonates with me and the university experience I had at TMUC, it was a place where I was introduced to a multitude of opportunities and where my imagination and creativity never came to a stop. TMUC gave me the chance to enhance my skills as a beginner and further build my way up. Firstly, I want to give a huge thank you to my parents for always supporting and staying by my side throughout my academic journey. I also want to thank those who stood by me and encouraged me, and after all the hours, hard work and efforts I have put in, it has finally paid off as I am proud to say that I have graduated!

In these ever-changing times, TMUC stands out as a hallmark for providing integral education but also as a stepping stone into the real world. In the past three years that I spent at this institution, I have not only encountered a pronounced learning environment but also lifelong friendships and experiences. The teachers and administration were so helpful, supportive, and cooperative that made every day go by easier. TMUC also provided a platform to not only enhance my existing skills but encouraged me to gain new expertise. TMUC is truly a wonderful place which allowed me to grow both personally and professionally.

Muhammad Umair Bin Nasir

It was my immense luck and fortune to be part of TMUC where I have grown immensely. The entire faculty and department leaves no stone unturned to shape students' future. My three years at TMUC have been a wonderful experience of learning with prolific exposure to opportunities. I will forever be grateful for this fun-filled and enriching experience. Would love to come back and be a part of TMUC again!

Abdullah Amjad

BSc (Hons) Business Administration

Towards the end of my Degree at TMUC, I have built my own business at an international level.

In the start of my degree, I was lacking the financial education and perception towards business itself until I met an amazing teacher and mentor "Sir Ali Mukri" who supported me and gave me the mentoring I needed to ignite the fire of my burning desire to learn! The faculty at TMUC has given me immense knowledge apart from the course material taught and the curiosity to learn more.

I have been a part of the student council during my first two years and have made amazing memories, great friends and a lot of learning!

Kudos to the management and the staff for providing the best of the best to the students!

Imama Binte Shakir

I came to TMUC before giving my Fsc exams and met Sir Waqas for the UOL LLB programe. Initially when I started the degree, I struggled with my writing, expression but the entire law faculty and administration team was quite supportive and helped me polish my skills.

Now it's been three years and I owe a lot to my teachers since it wouldn't have been possible without their kind support and mentorship. Their excellent teaching skills and guidance have only helped me during my journey as a law student. TMUC campus and its extraordinary infrastructure and facilities are commendable.

Talha Sarfraz

Bachelor of Laws (LLB)

My three years in LLB Hons at TMUC were enriched with knowledge and life changing experiences. From the day I enter the university to the day I am graduating I can actually see and feel a lot of difference in my personality, legal skills and professionalism. I would specially like to mention my mentor Sir Sheikh Waqas for his mentorship and his guidance throughout my journey in TMUC.

Hassan Shoaib

Bachelor of Laws (LLB)

My experience here at TMUC has truly been a breath of fresh air. We have all heard the expression 'men are a product of their institutions'. I realized the essence of this when I enrolled here in my 2nd year. Spending one year of my time elsewhere and inquiring various other institutes offering UOL LLB program, I feel that I am able to contrast TMUC with other institutes. The certainty of a fixed timetable alongside the reliability of permanent teachers whom you develop a relationship with along the way, helps us students to discover our capabilities. Facilities such as the library, moot court and digital learning enable students to reach their maximum potential. These small technicalities draw the line between excellence and mediocrity. For me, TMUC's professionalism enables it to leap over other law institutes in Islamabad. I would especially like to extend my gratitude towards my 3rd year teachers Ma'am Humaira and Sir Ahmed who were the catalyst in enhancing my knowledge and skills.

Hifza Riaz

Bachelor of Laws (LLB)

My journey and experience at TMUC has been amazing and memorable, as I have been taught by many exceptional tutors over the past few years. To be taught by academics who are experts in their respective fields is a real privilege. I wholeheartedly believe this journey will help me grow as an individual and a professional. The wide array of opportunities I had here gives me the confidence to be prepared to step into my professional life.

Mahnoor Islam

Bachelor of Laws (LLB)

My time at The Millennium Universal College was delightful. From the Head of Department, Sir Sheikh Waqas to all the teachers, everyone has been wonderful and helped me grow professionally as well as personally which is extremely important for a law student. TMUC provided me with opportunities and exposure that helped me broaden my horizon and learn outside the box. The environment at TMUC is very positive, it gave me opportunities within the university such as attending guest sessions & meeting intellectuals to create industry linkages.

Hamna Sajjad

Bachelor of Laws (LLB)

When I first came to TMUC, I knew this was the university I wanted to attend. To be able to obtain a world class LLB degree from University of London whilst staying in my home country, was a phenomenal opportunity. With the knowledge that my voice will be heard by an HOD who has truly embodied his role, who always has the door of his office open for every student and is ready to lend his ear for any problem his students may be facing; and to be taught by professors who have a first-hand experience in the field of law only enhanced my aspiration to become a lawyer, for the knowledge they possess and have passed on. I have surely grown as an individual in my three years at this university and have learned lessons I believe will stay with me for a lifetime.

Daniyal Zahoor

Bachelor of Laws (LLB)

My Three years at TMUC have been excellent and a memory to cherish for a lifetime. The years spent here have been full of learning opportunities that were full of fun and sometimes with academic grind that one has to go through. They always provided me with the assistance that I required for my overall development and to improve my legal skills. I would like to specially thank Sir Sheikh Waqas for guiding me throughout my degree.

Aashir Khan

Bachelor of Laws (LLB)

TMUC is not only an institute but a home to me. Three years ago, when I came to Islamabad, I was looking for a university where I can polish my skills, evolve and grow with a decent study environment. Before coming to TMUC I was completely unaware of transnational education system. I chose TMUC for my undergraduate as they provide this phenomenal opportunity to study an international qualification from your own home country. After completing my program here, I am really proud of my choice.

TMUC provided me with so many opportunities, exposure and experiences which helped me grow my perspectives, evolve my skills and challenge my abilities. After completing my program, I feel more confident about myself and ready to grab every success possible in my future career.

Mishal Pervaiz

Bachelor of Laws (LLB)

My journey with TMUC was an enriching one. This institute has been so generous with its facilities and capacity to be more accommodating to its students. I am truly grateful for every member of TMUC for doing more than just their part. From the admin, who goes up and beyond to facilitate the students in every query, small or huge, to teachers, who impart their knowledge with such passion, and students, who make the educational environment so much more welcoming. Everyone works together to make this institute a second home. The campus on the other hand is adorned with everything a student needs to have a rich student life and productive study sessions. Every class of this campus embraces you with so much comfort that it makes studying a rather interesting activity. Teachers, specially, teach with so much devotion, that every concept makes a space in our mind, invigorating our spirits. TMUC is a place, where one needs to be, to grow in every aspect, be it professional or personal.

Fatima Shahid

Bachelor of Laws (LLB)

Having witnessed a lack of peace, tranquility, and harmony of society being jeopardized ever since I was a child resulted in the development of my interest in the legal profession. To become a successful lawyer has always been my biggest dream which dates back to the year 2007 when I witnessed and was inspired by the enthusiasm and perseverance of the lawyers involved in their pursuit of justice.

The primary reason I chose the Millennium Universal College was for the sake of better and extensive exposure. TMUC consists of a lot more departments apart from Law which helped me to interact with more people with different majors thus gaining more confidence and knowledge.

I hope that once I finish my degree, I will effectively apply my bookish knowledge that I have earned here in the past 3 years and aid others in the courtroom while my passion is family law, I'm keeping an open mind.

Khezran Yousuf Barakzai

Bachelor of Laws (LLB)

I recently graduated from TMUC Islamabad. My first year was spent in Lahore but then I transferred and continued my LLB degree program from here, and ever since it has been nothing but an amazing experience.

From our mootings sessions, to a very personalized teaching academia, everything about TMUC is phenomenal. I am so lucky and privileged to be able to have completed my degree under the shadow of such brilliantly qualified pedagogical supervision. All my teachers, faculty and my Law Head of Department have contributed in my learning tremendously. TMUC, is a recognized institution for the University of London and stands out with its state-of-the-art campuses and infrastructure. This larger-than-life experience has been a rollercoaster ride with minor setbacks and absolute achievements enabling me to cater to as many encounters one can have in their careers.

Thankful with all my heart for this beautiful learning experience.

Farhad Khan

Bachelor of Laws (LLB)

When I look back at 2018, I find my decision of joining The Millennium Universal College to be an impeccable one as the institute helped me not only to enhance my skills but also sharpen my mind to prepare me for the tough challenges ahead.

My first year of LLB at TMUC was an ideal experience for me, I was able to focus on my studies along with participating in the vibrant activities throughout the year. It would not be possible for me to achieve all this without the commendable efforts of our Head of Department Sir Sheikh Waqas who was available for us every time whenever we faced any problem. I would also like to thank our lecturers who helped us.

Summing up my three years of LLB, I would like to say that my teachers made me feel confident during this journey.

Bachelor of Laws (LLB)

TMUC vows to provide you with an unmatched, quality education. And it delivers. I have been a part of this institute for a couple of years, and I have learned so much, and that is not only limited to my education. What I learned here, exceeds far beyond the realms of books, I have grown professionally and personally. TMUC takes care of its students in every possible way, they cater to our wishes and strive to build an environment that acts as our comfort zone. Moreover, the teachers are so devoted to their craft, they go to unparalleled lengths to instill in us a love and passion for our education, they are determined to teach and mentor. My peers, here in TMUC, create a healthy competition and an even more welcoming social circle. TMUC is an embodiment of providing students with everything they need and want.

Quality of education is a beacon, and we are lost ships making our way ashore.

Zainab Irfan Mir

Bachelor of Laws (LLB)

Law is a demanding subject and it was indeed made easier by TMUC's law department that created a nurturing learning environment that feels like home. The relationships forged feel like family where no one is left behind. The professors as well as the administration sincerely cares for the welfare of the students. From day one students are trained to develop good study habits in preparation for the exams and more so to develop good work ethics for future legal practice. TMUC has been more of a figure, like the light guiding you towards your optimum. This place takes control of you, deciphering where your aptitude lays and then moving with you into polishing it for a better tomorrow. The friends and memories made here will always hold a special place in my heart.

"Towards the end of my law degree programme, I came across how TMUC has played a specific role in my success, I am honored and grateful to TMUC's faculty members for giving me this opportunity to pursue my education and become the person that I am today."

Zarjan Gul

Bachelor of Laws (LLB)

TMUC administration has to be the highlight of the institute. The manner in which student body is regulated and the way our complaints and issues are dealt with is beyond words. All the needs of the students, whether academic or administrative, are met individually. I deem myself to be extremely lucky to have chosen TMUC.

Tayaba Khalid Trimizi

Bachelor of Laws (LLB)

Studying at TMUC Bahria Springs has been a great experience. The academic and other facilities provided on campus are excellent. The teachers have always been available to cater to any concerns I've raised. I'm extremely happy to be a part of the institute where I could not only excel in my studies, but avail the opportunity to meet professionals from different fields, interact with them and learn from them. The high academic standards and overall experience has given me the confidence to step into the practical world and believe in my self to achieve my goals.

Taimor Nawaz

Bachelor of Laws (LLB)

Studying at TMUC was intriguing; stimulating interactions with great mentors and peers helped me steer through my academic years. I had the chance to study under eminent law tutors of Islamabad.

The Law Team introduced me to the UoL program offered in TMUC. They have always been a support, morally and academically. I was enrolled in an odd session of Oct/Nov so I was behind my peers when I joined. The teacher's command on teaching soon made me feel at par with my peers and, thus, I built the foundation needed for my course.

Syed Hassan Murtaza Shah

Bachelor of Laws (LLB)

My name is Hassan Shah and I'm here to share my amazing journey with TMUC in the past three years. My studies in the UoL LLB programme has been a great experience with some ups and downs along the way. Everything was priceless from the stressful last few months of every academic year, to the bulk of assignment submissions, to the friendships made, to the joyous events and laughter shared with my batch mates and teachers. It was all possible with the hard working and wonderful faculty at TMUC. The best part of this journey for me was to develop as a person and open my mind to various prospects.

Qurat -ul- Ain Sajjad

Bachelor of Laws (LLB)

It was a tough year! However joining TMUC Bahria Springs remains one of the few decisions I'll be proud of. The faculty has been amazing and each and every problem we encountered was catered efficiently. My senior year here was wonderful and I'm graduating with lots of memories.

Studying from TMUC Rawalpindi has been a worthwhile experience for me. I enrolled in TMUC Rawalpindi during my final year mainly because of its reputation and I am extremely satisfied to have chosen this college to achieve my law degree. The guidance that I have received from the staff has been tremendously helpful for me and the way they have addressed my issues is commendable. I am very much thankful for the time and effort that the teachers at TMUC have invested in me and I am glad to be part of TMUC

Nermeen Khan Durrani

Bachelor of Laws (LLB)

The journey of studying law since day one has been exciting. The journey in any field is never easy but it is the people around you that motivate you to aim higher and help you grow. Along with the educational learning we acquired practical knowledge through TMUC's Annual Job Fair where we had one-on-one discussion with the law firms from Islamabad and Rawalpindi. The trip to Lahore Collage for the National Moot competition is what I cherish the most. It was truly an amazing learning experience for me which made me more enthusiastic to excel in my journey to discover law.

"You are educated. Your certification is in your degree. You may think of it as the ticket to the good life. Let me ask you to think of an alternative. Think of it as your ticket to change the world."
—Tom Brokaw

The universe is small, and the life that we have is even smaller, make sure you live it to the fullest! Only overcome the insecurity that resides inside you, so you can tell the world who you are with sincerity. Indeed, the University of London and TMUC have contributed to it in every way possible. What makes TMUC great is its commitment to provide students with opportunities beyond academics on a continuous basis and to participate in diverse group activities that will allow students to broaden their horizons. In short, TMUC's three-year journey will be one of the most important experiences of my life. The college is going to have a spot in my heart!

Sanya Zubair

Bachelor of Laws (LLB)

I joined TMUC three years ago for its UOL LLB program which has, without a doubt, been a challenging degree. I would not be where I am today without the unconditional support and encouragement, I received from the Law department

Syed Etazaz Haider

Bachelor of Laws (LLB)

My years at TMUC have played a central part in nourishing my interests and talents. The law faculty here not only ingrains the subject knowledge but also helps you venture into new areas of exploration in the industry. This has helped me get distinctive results by my creativity rather than by cramming. I would like to particularly mention that our entire Law fraternity and faculty has been helpful beyond our expectations, their open- door policy for all the students has helped a range of students to accomplish has their academic goals.

In my tenure as General Secretary of the student body I discovered that the experience, exposure and the industry linkages this institute provides you is unmatched.

Organizing mega events from conferences to concerts, setting up sporting events to charitable ventures is another opportunity that TMUC provides to its students.

Success is not final, failure is not fatal: it is the courage to continue that counts.

This quote embodies who I am today and The Millennium Universal College played a significant role in it over the last 3 years and I would urge everyone considering to study law to opt for TMUC to pursue their degree in a one of its kind Law School.

My sincerest gratitude goes to each and every one that I met over the last 3 years, for adding color and life into my journey at TMUC. I have built a relationship with this institution which I will continue to cherish all my life.

Amna Ayaz Malik

Bachelor of Laws (LLB)

My life at TMUC Bahria Springs has been a great experience indeed. It will always remain a significant part of my journey as it helped me grow as a person. It all happened as a result of the efforts of my beloved and remarkable teachers; they are truly the ones whom I have looked up to every single day of my life for the last three years. In the end, it feels great that I have come out as a strong, confident and an ambitious person after spending a considerable amount of time at this Institution.

Zarak Khan Hoti

Bachelor of Laws (LLB)

I have studied only a year at TMUC during my LLB with university of London. It was a transformative and generative experience for me. The lecturers were skilled and knowledgeable with regards to the specific needs of UOL students. Our issues were always resolved by a systemic hierarchy of staff. TMUC provided us with practical activities such as moot courts and counselling/assistance with regards to internships and job opportunities. The environment is up to the mark for any student's academic and social development.

Sana Khan

Bachelor of Laws (LLB)

Doing LLB Hons from University of London external programme at TMUC was one of the best decisions of my life. The opportunities after the degree are infinite. I was lucky to have had such amazing mentors and peers who were always willing to help/motivate me to do better. The university was one of the first stepping stones to success preparing me well for the legal profession and everyday problems I encounter at work.

Maryam Fatima

Bachelor of Laws (LLB)

Studying an external degree is not an easy task, yet TMUC has succeeded in becoming the best institute for providing academic excellence in pursuing this qualification.

The teachers here are immensely determined in investing in making each student's academic journey smooth and easy, while ensuring the best outcomes.

Amidst the unforeseen onslaught of this debilitating pandemic, despite the unforeseen challenges, TMUC management and administration made sure that everything is executed smoothly.

Mir Hamdan Akbar

Bachelor of Laws (LLB)

Joining TMUC has been one of my best decisions. I felt at home in TMUC as the teachers and administration were so cooperative and helpful in academics as well as extra-curricular activities. TMUC helped me to explore myself and beyond.

When I reflect on my three years in TMUC in the Hertfordshire BBA (hons) program, I conclude that the experience not only made me a better writer, but also prepared me in unpredictable ways for my career. Through workshops with incredibly supportive classmates, and professors who were nothing short of brilliant, I was challenged to discover a voice I didn't know I had. That voice has played a central role in my work, as writing is vital to thinking, to planning, to imagination, to communication, and to engagement.

I was able to achieve first class honors, the highest honors classification in UK, I would not have been able to achieve this without the help and support of TMUC staff and teachers who helped me throughout my journey. I would not be what I am without the help and support of TMUC.

My name is Faraz Ali and I graduated from the University of Hertfordshire's BA (Hons) program in 2020. In these 3 years of my life in TMUC I have learned a lot of things like how you can change your lifestyle no matter where you are from, who you are and what you have done before. You can be an entrepreneur if you have the spirit to go beyond the limits. TMUC is a place which provided a platform to all of us to learn and grow. The faculty and the management is very cooperative. Our academic coordinator Ma'am Ayesha Kanwal was very supportive as the whole world was going through the pandemic situation. It was not an easy task to maintain the same level of study. We are leaving TMUC with memories that can never be replaced.

My name is Hajra Babar, I graduated in 2020 from University of Hertfordshire with a BA (Hons) top-up program. As a student of this prestigious institution for the past one year I can confidently attest to the fact that University of Hertfordshire is one of the best universities we have. It has provided me with a great platform to develop my skills and has helped me strengthen my understanding of business operations deeply. I was able to grow in various areas such as analytical & critical-thinking, teamwork and problem-solving skills which are vital for any business study.

Lastly, I would like to appreciate all the faculty and staff members for their commendable work. They have been diligent and worked vigorously to create an amazing environment that has helped us explore our capabilities and discover our potential.

I am Salman Shoukat, a 2020 University of Hertfordshire BA (Hons) graduate. Studying at TMUC has been a remarkable experience for me. It not only provided me the opportunity to do an international degree from a local university, but also assured the provision of facilities which no doubt assisted me to compete with the students from around the globe.

The three years I spent at TMUC have been memorable because of the competent lecturers, disciplined administration and a suitable environment. It also enhanced my personality, alongside the professional skills.

To conclude I would highly recommend studying at TMUC for those who wish to achieve their career goals.

I Shehryar Yousaf, graduate of BA(Hons) Business Administration, am pleased to have studied at The Millennium Universal College. During my studies at The Millennium Universal College, I have been impressed on numerous occasions by first and foremost, the direction in which the institution is heading and the vision of the administration and secondly the care and dedication with which the members of the faculty have encouraged the scholastic quest of the students.

I have great respect for the Department of Business and Skills that has continuously tried to furnish me and my classmates with a strong foundation so that we can exceed our expectations in annual examinations and beyond that they have at times acted like guardians, attempting to assist us with seeing the significance of working hard.

In these 3 years of my life in TMUC I have learned a lot of things like how you can change your lifestyle no matter where you are from, who you are and what you have done before. I thank the individuals who have made my time at The Millennium Universal College a significant one. My time here has been resourceful and enlightening as I have gained critical insight about how businesses work. This has helped me make better decisions and always be ready and responsive - necessary attributes for surviving in this competitive and progressive field.

My three-year journey at TMUC has been one of the best decisions of my life. I had a chance to experience all that was taught, not only did I gain knowledge from the books but from real life experiences of the faculty that taught me. Furthermore, the research-based curriculum provided me with an opportunity to grasp a wide range of information about research being done globally. Studying business was never really my prime interest; I have always had more interest in creative media. TMUC gave me an opportunity to experience both at the same time; the academic instructors have been very compassionate, and the photography society helped me explore my creative side.

Starting my journey with TMUC back in mid 2018 was the best decision of my life. What made it special was that firstly, I had the option to study the degree of my choice as this particular program is new in our country and not offered in many universities. To talk about the program it was so much more than I could have imagined, it shaped my concepts, my presentation skills, knowledge, personality and much more. Being at TMUC has also taught me an important life lesson that I will carry with me for life: create a deep relationship with people around you, one must spend time to get to know people better, the challenges they face every day and how they deal with them as it helps you to mature quickly and learn more about life. One most important thing I have learnt in this college is that succeeding in college does not mean achieving high grades; personal development in all areas is equally important. Lastly, I am grateful that TMUC is a place where the professor sees students not as machines to get assignments done, but as people just like themselves facing challenges and striving to achieve success.

Throughout my education in TMUC, I have learnt a lot in both studies and life in general. The commitment with which the representatives of the faculty aided the educational aspirations of the students is commendable.

I have a lot of appreciation for the teachers of HN business as they provided us with a good foundation for learning so that we excel in our studies and exams. When it comes to being friends, my teachers helped me understand that there is much more in life than work and stress so that I and my fellow classmates do not steer away from our goals.

I thank everyone who made my time in TMUC momentous and would recommend this institution to any potential business students.

I would like to thank TMUC for offering the international HND and UH degree programs. This was something completely different from the pattern we were studying in school. My journey at TMUC was unexpected as I got to learn so much every day. When talking about the environment at TMUC, the institution has maintained a conducive space for both students and teachers to work collaboratively. No doubt that the covid-19 pandemic has given us a hard time but it did not effect our studies as TMUC developed online teaching and learning systems to ensure the seamless delivery of education. Owing to my experience here, I would like to do my masters from TMUC and recommend it to other students as well.

Enrolling in the TMUC (University of the Hertfordshire) program was a rewarding and valuable investment as it has challenged me both professionally and personally. The program has enhanced my knowledge and perspective on business administration and broadened my future horizons. I knew that after I received my bachelor's degree, I would want to continue my education in a master's degree; however I never imagined that I would be able to do both. I have also been lucky enough to have an outstanding support system of colleagues and professors here at TMUC, without their continuing support I would not be the student I am today. My experience at TMUC has turned into a journey I never thought possible, and I could not be more thankful.

To say that my years at TMUC was a wonderful experience is an understatement. When I think about my years here, I conclude that the experience here not only made me a better person but also prepared me in unpredictable ways for my career. Through workshops with incredibly supportive classmates and teachers who were nothing short of champions, I was challenged to discover a voice I did not know I had.

The UH program places an emphasis on developing not just management and leadership skills, but in conducting business ethically. It increased my critical-thinking skills and added weight to my resume for a competitive marketplace. The quality of the instructors and their unified approach to delivering a cohesive curriculum across all disciplines was the aspect of the program I appreciated the most.

They say life is a roller coaster ride, and I can assure you that my journey at TMUC with University of Hertfordshire has been the peak of my educational journey. I belong to a unique batch - The "Class of 2021" - that will go down in history as the batch that made it despite Covid-19.

I am talking about the global pandemic that took over the world and effected daily operations of every single organization and personal life of every single individual. During these uncertain times our faculty, management, and students worked together as a team without complaining about the situation and made sure that our academic journey runs smoothly. We overcame the challenge of social distancing and explored the opportunity of virtual learning.

I will surely urge the youth to come and join TMUC as they will not only excel in their academics but will also learn skills that will be a plus point in their professional life. Hope you have a great journey at TMUC.

The BA Hons in Business from University of Hertfordshire exceeded all my expectations and has actually given me knowledge and an experience that I will cherish forever. I feel like coming to this university was a great idea as here I found a home away from home and memories that are irreplaceable. The journey at TMUC has been smooth, due to the immense help and support of our wonderful community and teachers here. I admire the fact that the faculty here is very friendly, all of us students here are constantly motivated to do good and be progressive. Most importantly I have made good friends that have supported me all the time. The institute has also given me the opportunity to participate in various social activities, we have had countless events offering us a chance to portray our various talents. TMUC has also given the opportunity of Job placements and internships which have provided us with practical experiences.

I still remember the day I joined TMUC. I was both excited and nervous to meet new teachers and make new friends. It has been three and half years since I joined and it feels like time has really flown by. One blink and it's an ending to a good chapter.

During the journey I constantly climbed up the ladder in both academics and the social arena. While BA (Hons) was a new experience, I was lucky enough to have been guided by extremely knowledgeable professors and peers alike. And it is safe to say that I have found my passion for event management over the entire journey. TMUC has build my personality and made me the person I am today. It has taught me the importance of working towards your dreams and never feel discouraged because my life is full of opportunities. I am extremely thankful to the administration, and wonderful staff at TMUC for making this experience so memorable and successful.

The Millennium universal college is a well-reputed institution in Pakistan. When I joined TMUC, I was confused about my studies because I was just an average student in my whole school life. When I entered the admission office of the millennium universal college, the respected staff guided me so well that I was motivated enough to enter the HND business stream. She said that this course will help you grow, enhance your business skills and knowledge.

That day was a turning point in my studies and now I have completed my HND with 12 merits and BA in business administration from University of Hertfordshire with flying colors. Opting TMUC has been the best decision, as it has helped me get to a point in my education that I could not have with the post-college grades that I secured.

The day I entered TMUC as a student shall always remain the most memorable days of my life. I started my journey in TMUC as a student who was keen to learn and explore and TMUC gave me the required support system that any student needs to excel in his/her field. This institution not only gave me the courage to explore the world of knowledge but also gave me the confidence to explore my abilities. When I first joined, I always thought that all institutions are the same as their only focus is on knowledge provided in the books but TMUC provided me with the opportunity to gain the practical knowledge of the professional world. A world which may have been explained in books but was never experienced by any of us. Opting for the University of Hertfordshire at TMUC was the best choice.

To complete my bachelor's degree at TMUC was a shifty decision, however the university became my new home in the short three years' time that I've studied here.

I was fortunate enough to have completed my bachelor's degree with the help of TMUC, even during the tough period of the Covid pandemic. The degree was highly challenging which was exactly what I needed to do in order to enhance my learning capabilities in the business field. I'd like to thank my absolutely best friend who showed me that you can change yourself and get your life together and move on from your past, but also for never leaving my side. Secondly and importantly to my family for their never-ending support and believing in me. I literally would not be here without them and for that, I am forever grateful. And lastly, I owe a huge thank you to TMUC for the ever-lasting memories and lessons learnt which I will carry along in my life.

Message for TMUC from
Pro Vice-Chancellor

Professor Bashir Makhoul

UCA is immensely proud of our partnership with TMUC which has grown from strength to strength since its inception in September 2018. The collaboration has flourished, expanding both in enrolments and the range of UCA programmes that are available. The TMUC Pakistan campuses offer access to high quality UCA courses including Fashion Textiles, Media, Film, Hospitality Management and Creative Business disciplines.

TMUC and UCA produce graduates with the knowledge and practical skills required to bring impactful change, and who are able to work and lead within a global context. The recent addition of UCA's International Masters in Business Administration to TMUC's portfolio of programmes will provide further opportunities for future leaders of the creative industries seeking a high quality and innovative career-building qualification. Academics from across the partnership work closely, ensuring that best practice and the spirit of our global community are deeply embedded within the curriculum. The opportunity to learn and collaborate with each other is a fundamental principle of our partnership so academic and student exchange remain key priorities for both institutions.

Three years of hard work at TMUC paid off and I got a 1st class BA Hons Degree! Before starting my degree in fashion, I barely knew how to sew and didn't know much else, but after three years I feel I have the skills and tools needed to achieve my dreams. My Top-up year in TMUC has been a great experience and has been very good in all aspects. I have learned a lot and I have improved from the beginning until now. I am very grateful to my teachers because without them I would not have achieved these results. The teachers are professional and experienced who passed on not only theoretical elements, but knowledge of the industry. They are always there to help, encourage and inspire you. They really care about the students and it shows. All tasks and assignments were created in a way that you learn and practice to only get better and better within the time restraints. Along with the academic experience, I truly feel the college is so diverse and it was amazing meeting new people. I have worked hard every day, and I'm extremely proud of myself.

I am a NCC student at TMUC. Our college is well equipped with facilities that bring about the best in us. I was originally interested in increasing my knowledge and writing skills before joining TMUC for undergraduate degree so the college suggested a pre- university course, International foundation diploma level 3. In the beginning I was one of the many students who did not realize the value and quality of this programme but after completing this one year foundation I realized that I had made the right decision for myself by joining this programme. The homely environment, cooperative staff and dedicated teachers make the students feel that they have selected the exact and best college for their future studies. I was so impressed by level of support and help of our coordinator Ma'am Isbah Khalid. She possesses all the sterling qualities of head and heart which makes her an ideal teacher. I adore and like her for her teaching, patience, forbearance, kindness, devotion and dedication. I am so thankful to be part of this programme.

I joined NCC-IFD in order to transition to a bachelor's programme later on, only to realize that this was going to bring such a noticeable change in everything. From my academics, to personality development, this programme has helped me move forward to become who I am today. So much so that I chose to pursue my bachelors here in order to experience the same level of academic quality and deliverance. During my time at NCC I was able to polish my skills. I was able to recognise my weak points and work on them. The teachers were assisting us in passing through every terminal. We were given a chance to learn in accordance to international standards, which is already proving beneficial as I pursue my Bachelors from TMUC as well. I will forever be grateful to this institute for providing me with this opportunity.

International Foundation Diploma

Studying IFD at TMUC has been remarkable as it has given me memories to treasure for lifetime. It was full of learning and prepared me for an International University degree programme. I am grateful for all the resources provided and to the mentors for being extremely supportive as well as encouraging.

International Foundation Diploma

This course is intriguing and educational. The staff is exceptionally devoted and helped me to accomplish my maximum potential. Be it any phase of my life, I am positive that my education at TMUC will play a key role.

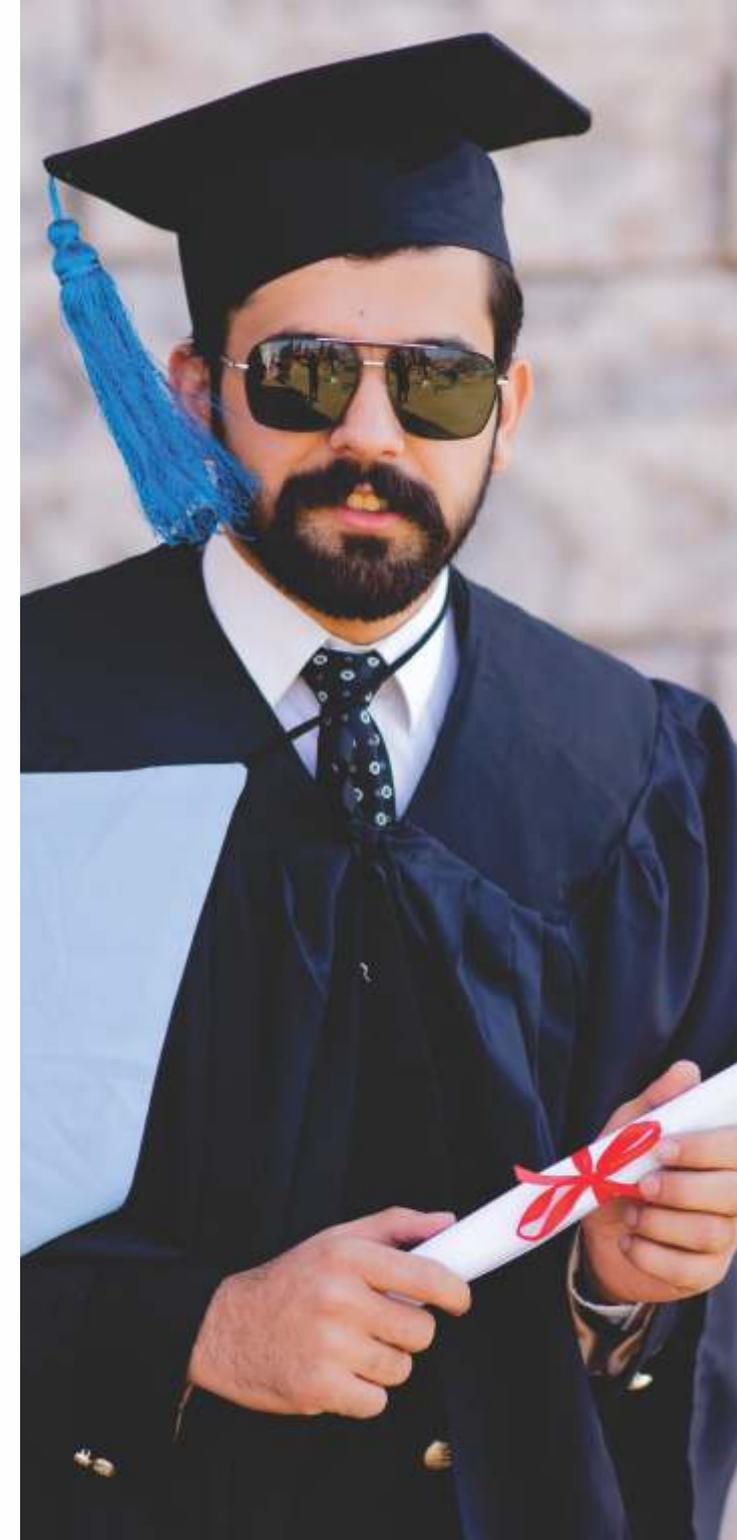

Ahmed Yar Tariq

International Foundation Diploma

NCC IFD has helped me develop several academic as well as interpersonal skills by making me more organised and responsible. The modules that I have studied on the programme and the assignments that I wrote during my foundation year have prepared me for University of London LLB programme.

Syed Hassan Sajid Naqvi

International Foundation Diploma

International Foundation Diploma has been really helpful for my self-development. It has enhanced my vocabulary as well as improved my writing skills. Also, the teachers have been really supportive in directing me to work on certain assignments in a restricted time interval. Overall, the course is fairly easy and has assisted me in deciding what path I should follow in order to pursue my bachelors.

International Foundation Diploma

When I availed the opportunity to study the NCC IFD program at TMUC, Islamabad, it was a hope-awakening juncture of my life. I just forgot how difficult it had been for me throughout my high school life. I got the opportunity to learn something new in a friendly learning environment. The amount of effort being put by the faculty of this institution resurrected my intuitive abilities to make me a part of high achievers in this programme. The structure of the program and pedagogy of the teachers made me confident enough to pursue my Bachelor's degree from the same institution. Ultimately, I want to express my sincere gratitude to my teachers and administration, who played a vital role in making me who I am today and for preparing me for my future endeavours.

Shayan Ahmed

International Foundation Diploma

The NCC IFD from TMUC has helped me to get admission offers from University of Hertfordshire, University of Staffordshire and Anglia Ruskin University in the UK. It has helped me to fulfill my dream of getting into a UK university this year and earn a degree in Business and Accounting.

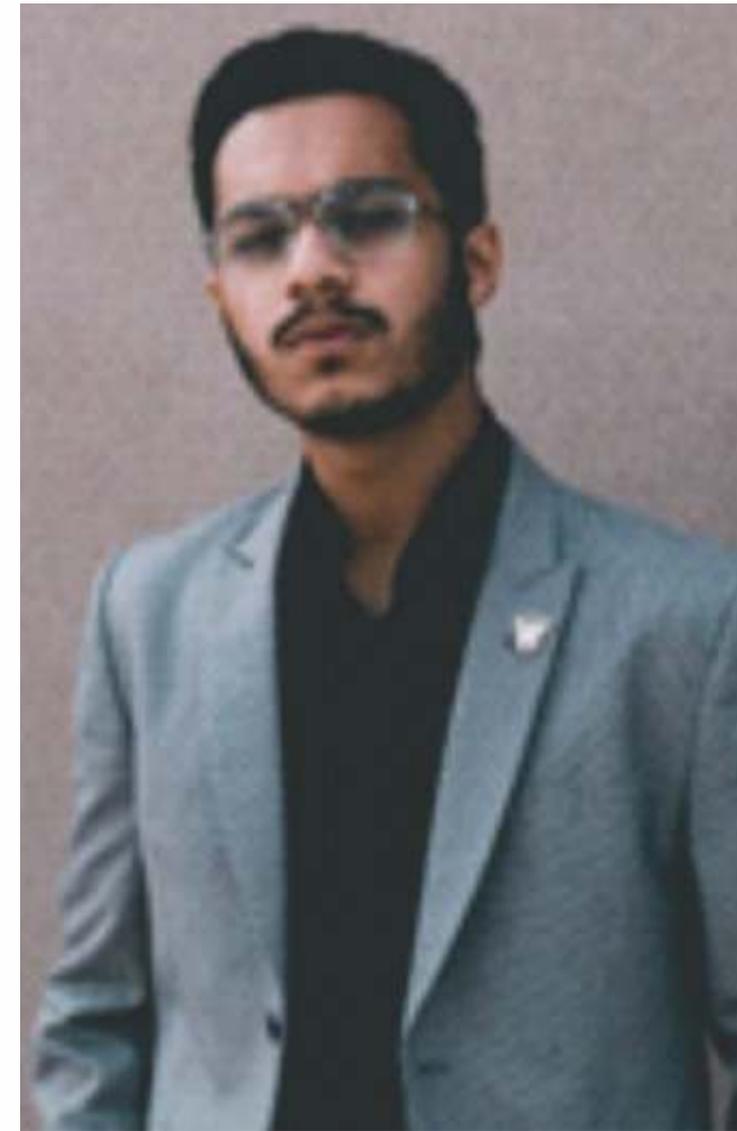

Sameer Rao

International Foundation Diploma

The International Foundation Diploma has really helped me in improving my English language skills. All the modules are very interesting and have helped me in my further studies.
