

Dear Learners,

It is with profound pleasure and shared excitement of the staff that we welcome you all back to learning on Campus. We have some happy news to share with you all: our national footprint increases and we now have a state-of-the-art Campus in the heart of Faisalabad. Also our very own CEO Mr. Chaudry Faisal Mushtaq, TI, has been conferred with Honorary Doctorate of Education Degree, by UK's leading University of Hertfordshire for his services to education in Pakistan. We are so very proud, and we hope that our learners will take inspiration, emulate his success, and contribute back to the society.

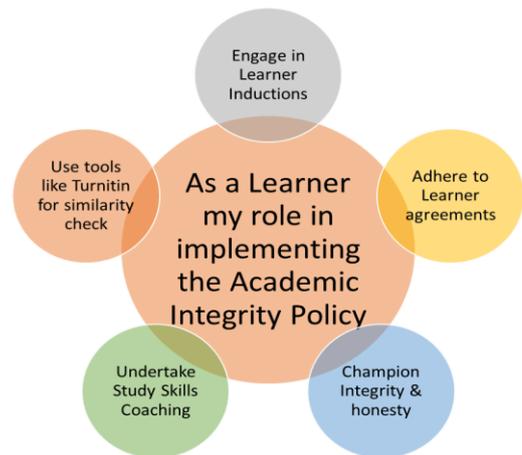

The unusual circumstances since the pandemic have taught us many an important lesson about the importance of education and we have worked tirelessly to ensure your safe return. Therefore, we remind you to respect the SOPs put in place for your and the staff's safety. We expect that all of you will have vaccinated yourself. You are required to submit vaccination certificates your respective departments latest by **30<sup>th</sup> September**.

While you were away from Campus, we have been tinkering away and have developed interesting resource and planned interesting tutorials and activities for you. In particular, we want you to make the most of the Learner Induction sessions planned for you and pay special heed to understanding the importance of Academic integrity and honesty.

Being a TNE provider, TMUC mirrors principles and guidelines as stipulated by UK QAA and local regulator HEC. Education. Academic Integrity Policy at The Millennium Universal College (TMUC) sets out that all learners of the college community aim to be 'principled' and act with 'integrity' and 'honesty', to uphold dignity and respect of learner's own work, and that of others.

As a learner, what we expect from you to ensure you champion Academic Integrity and Honesty.

As our continuing learners take their next steps and a new cohort arrives, equally determined to study, learn and shape the future, we continue to do everything we can to keep ahead of the evolving situation. To help us, we will be happy to hear your thoughts and comments about what we can do to help support your education - just email us at [quality.assurance@tmuc.edu.pk](mailto:quality.assurance@tmuc.edu.pk). Alternatively, you can leave your comments about your learning experiences by completing the short survey that can be accessed through the QR Codes placed around your campus.

Best wishes,

*Amna Salik*

Head of Quality Assurance & Academic Compliance
